## WORK EXPERIENCE

### Sepehr Academy

Frontend developer | React.js

March 2024 - July 2025

- Developed a **Single Page Application** (SPA) using **React.js**.
- Customizable **theme** and support for **three languages**, leading to a 30% increase in user interest.
- Collaborated in a **5-person** team and introduced time-saving tools and workflows, improving team efficiency by 25%.
- Implemented over **200 APIs** and web methods.
- Ensured **cross-browser/device** compatibility with **responsive design**, increasing user engagement by 20%. Leveraged Vuexy Admin-Panel, reducing development time by 30%

### Apanco

Frontend developer | React.js

May 2023 - February 2024

- Constructed a Single Page Application SPA web app using React.js.
- Implemented **TypeScript**, enhancing **debugging** capabilities and increasing efficiency by 20%.
- Built responsive layouts that improved usability and design consistency by 20% Associated with team members and participated in various meetings, suggesting innovative ideas and new features that led to a 15% improvement in efficiency.
- Worked closely with the design team to **enhance** UI and UX by 20%.
- Achieved productivity by identifying bottlenecks in the development process; introduced new protocols that enhanced cross-team communication and improved turnaround time for project tasks by approximately 25%

## PROJECTS

### Piza Real Estate App

- Developed a responsive **landing page**, **authentication system**, **property listings**, and **dashboards** for both buyers and sellers.
- Simulated real-time booking flow to mirror real-world reservation logic.
- Leveraged **Next.js Server Components** for SEO optimization and high performance.
- Prioritized **clean UI**, **accessibility**, and a **scalable component architecture** using Tailwind CSS and TypeScript.

### Portfolio

- Built with **Next.js App Router**, **Tailwind CSS**, and **TypeScript** for speed, scalability, and a modern developer experience.
- Integrated **animated project cards**, a clean **tech stack section**, and responsive layouts across all devices
- Focused on **minimalist design**, intuitive UX, and SEO best practices using server-side rendering and metadata optimization.
- Acts as a live resume and proof-of-work, reflecting both my technical capabilities and design sensibility.
